The EXO-7 and EXO-12 accommodate a variety of Mini -DV/HDV camcorders. A back "service door" opens a lower compartment that can hold a charger, batteries, and additional tapes. If needed, the lower divider can be removed to create a larger main compartment. Specially designed pouches are included and can be attached to both ends of the bag. The EXO cases come with an attachment system for small tripods. A BSS Strap is included and the interior can be customized with Modi-Vers and Filter Sleeves.

The C-56, C-58, C-59 are designed with style, ergonomically engineered and TST protected. By using the dividers, the main compartment can accommodate a pocket camcorder, charger and other equipment. 5 Padded internal and external pockets and a separate media kit will hold extra gear. Carrying options include Elasto-Rubber handle, BSS shoulder strap and back loops for a waist belt. All 3 cases can be connected to the S-308 Sling platform for alternative carrying solution.

The cases' folded zipper and unique "internal wall" provide double protection from moisture and dust. In rain, use the elements' cover, black side out, and in sun reverse to silver for heat reflection.
